

## AMENDMENTS

Please amend the application as follows:

### In the Claims:

Please substitute the following clean copy text for pending claim 1.

500  
B1  
A1

1. A graphical display system, comprising:  
a first graphics pipeline configured to receive graphical data and to render said graphical data received by said first graphics pipeline;  
a second graphics pipeline configured to receive graphical data and to render said graphical data received by said second graphics pipeline;  
a display device configured to display an image; and  
a compositor configured to receive said graphical data rendered by said first graphics pipeline and said graphical data rendered by said second graphics pipeline, said compositor further configured to interface said graphical data received by said compositor with said display device, wherein said image is based on said graphical data received by said compositor.

Please add the following claims:

31. The system of claim 1, wherein each of said pipelines is implemented in hardware.
32. The system of claim 1, wherein each of said pipelines is implemented in software.
